

YASH SHAH

Data Analyst | SQL • Python • Power BI • Data Visualization |
Vadodara, Gujarat, India | +91-6351687452 | yash4092003@gmail.com | [Portfolio](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on experience in SQL, Python, and Power BI, specializing in data cleaning, ETL, and interactive dashboard development. Proven ability to transform raw datasets into actionable business insights across sales, customer, and performance analytics through end-to-end projects. Ranked in the top 10% of B.Tech (Information Technology) graduating batch, with practical internship experience delivering data-driven reporting for real business stakeholders. Seeking a Data Analyst role to apply strong analytical, statistical, and visualization skills to support evidence-based decision-making.

SKILLS

- Data Analysis & Visualization:** Power BI, DAX, Power Query, Interactive Dashboards, Data Storytelling, Excel (Pivot Tables, VLOOKUP, INDEX/MATCH)
- Programming & Databases:** SQL, Python (Pandas, NumPy), Statistics & Statistical Analysis, Data Modeling
- Core Competencies:** ETL, Data Cleaning & Validation, Data Reporting, KPI Tracking, Business Intelligence, Data-Driven Decision Making
- Tools & Productivity:** Microsoft Excel, Word, PowerPoint, Git (basics)

PROFESSIONAL EXPERIENCE

Data Analyst Intern — Rushabh Printers Pvt. Ltd. ([Certificate](#)) Dec 2024 – Mar 2025

- Analyzed sales and business data across 500+ records to identify trends, delivering insights that supported management decisions and informed 3–5 key business strategies.
- Cleaned, organized, and validated datasets in Excel spanning 1,000+ rows, improving data accuracy and reducing reporting errors by an estimated 15–20%.
- Built weekly reports and visual summaries for 5+ stakeholders, cutting manual reporting turnaround time by roughly 20% while collaborating with cross-functional teams of 4–6 members.

Data Analytics Intern — ByteXL ([Certificate](#)) Summer 2024

- Completed a structured data analytics internship (8 weeks) covering data analysis fundamentals, SQL querying, and Excel-based reporting.
- Applied statistical methods to 10+ sample business datasets, strengthening data interpretation and report presentation skills.

PROJECTS

Mobile Sales Analysis Dashboard ([View Dashboard](#)) Feb 2025 – Mar 2025

- Built an interactive Power BI dashboard analyzing 2,000+ mobile sales records across 5 brands using Power Query and DAX.
- Designed 10+ custom DAX measures to surface key business metrics, enabling data-driven insights on pricing and sales trends.

Zomato Sales Analysis Dashboard ([View Dashboard](#)) Jan 2025 – Feb 2025

- Designed a Power BI dashboard analyzing 5,000+ Zomato orders, covering sales, user ratings, and order patterns.
- Visualized trends across 100+ cities, age groups, and food categories, uncovering actionable insights on customer preferences.

Olympic 2024 Analytics Dashboard ([View Dashboard](#)) Dec 2024 – Jan 2025

- Developed a Power BI dashboard tracking medal counts and athlete statistics across 90+ countries and 10,000+ athlete records.
- Created 10+ interactive visuals enabling deeper analysis of competition trends and country-wise performance.

EDUCATION

Bachelor of Technology, Information Technology — Parul University of Engineering and Technology 2021 – 2025

Vadodara, Gujarat, India | CGPA: 6.75/10 (First Class) | Ranked in top 10% of batch

Higher Secondary Certificate (Science) — Rosary High School 2020 – 2021

Vadodara, Gujarat, India | Result: 73%
